Greatest Hits

Beth,
Well, I can't believe this year is up and you'll be graduating in just a few days. It seems almost unreal but I'm sure glad the year is up. I am gonna miss you so much. Although at times we might not have been the closest of friends I've always known that you were there for me to talk to, or a shoulder to cry on, or a listening ear for my bitch'in. I hope you know I'm always here for you, too. I'm really glad we became friends last year. You have helped me learn to party (Lord, knows Sheila sure doesn't) and we have partied a "few" times. I don't think I'll ever forget the night we first went with Edward & Phillip, or the night we went with Jimmy Don (what can I say, you have introduced me to some really "nice" people! 44/44) or the night we partied out at Adam's with the Jim Beame bottle!! Even though I have a tendancy to get caught; we have always had a fun time getting there!!! You are a very sweet & special person - go for what you want and say "to hell" with what anyone else might say. "Good Luck" in Basic and I know you'll do good. Keep in touch while you are there and no matter where you go OR what you're doing you had better keep in touch!! (ALWAYS). Best Wishes. Love, SP. SA!

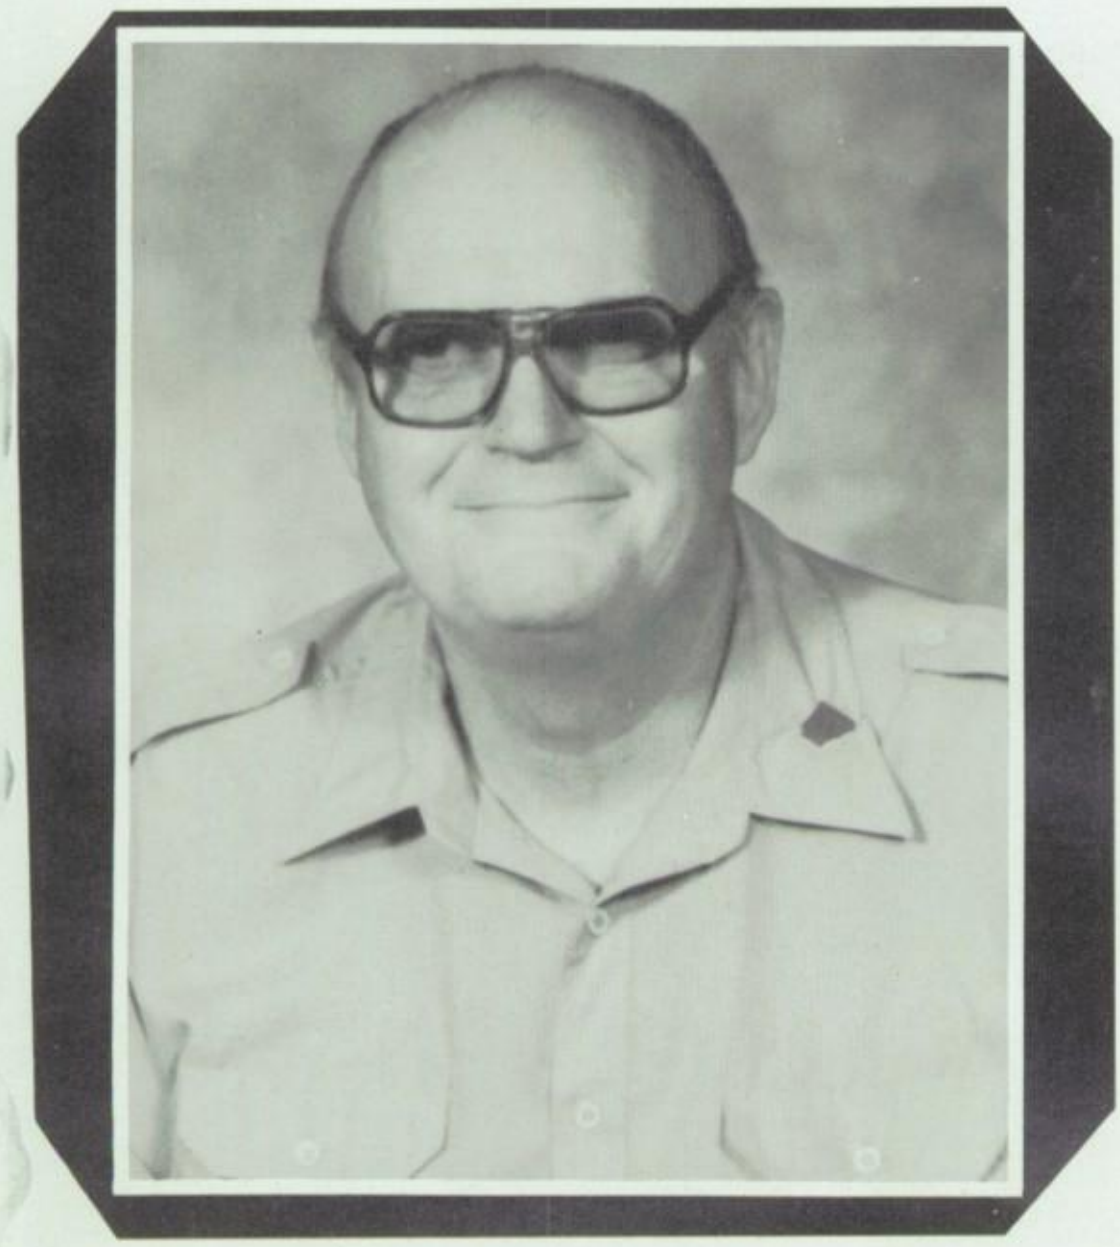
DEDICATION



Bill Hobbs

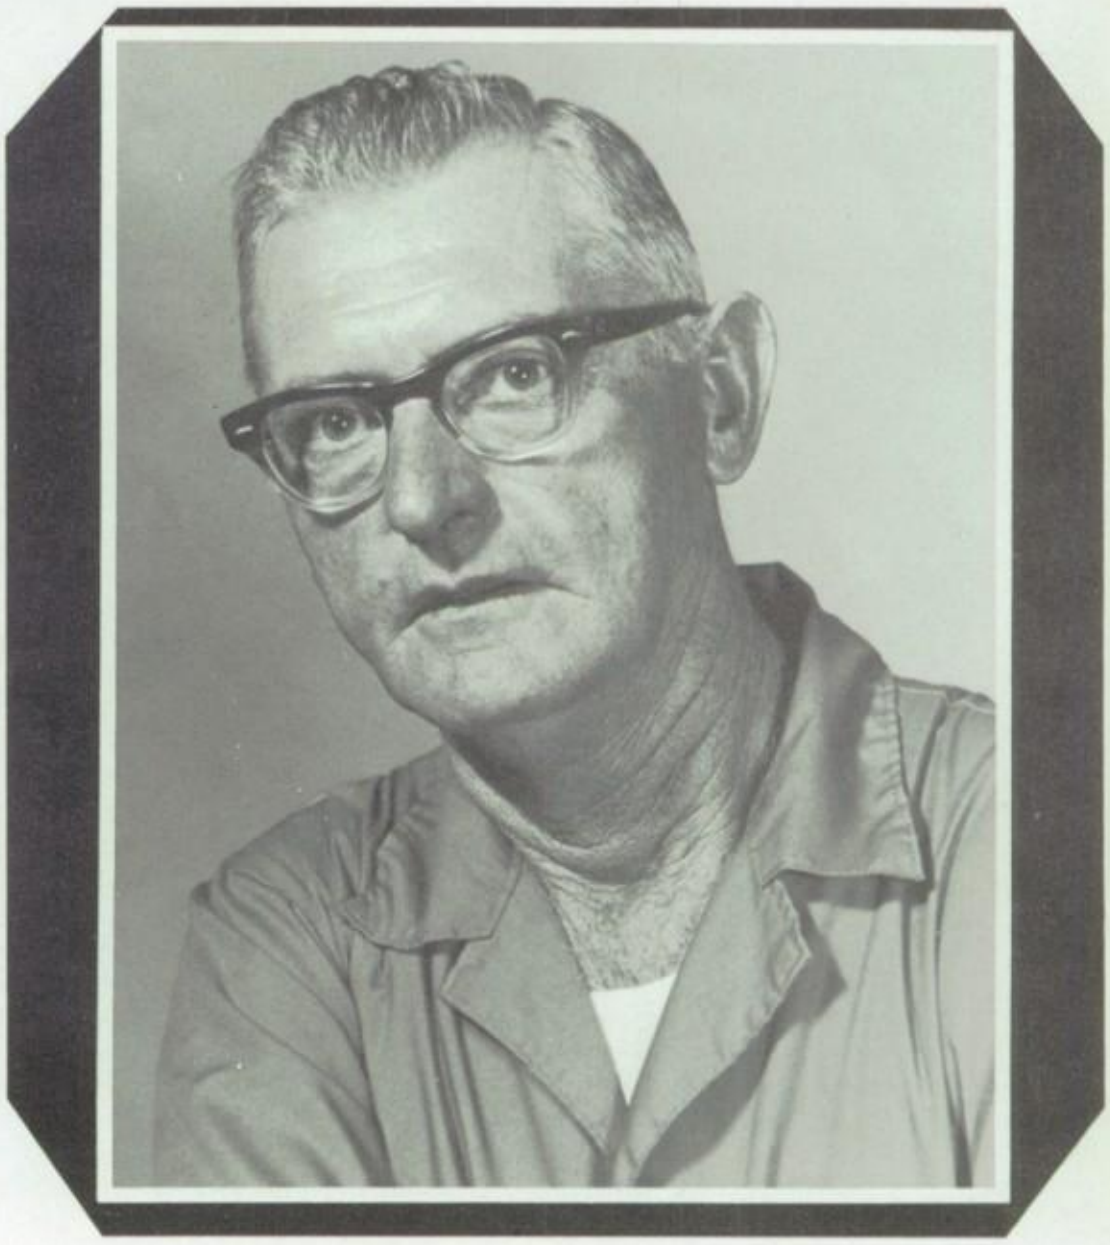
We, the Senior Class of 1987, would like to express our appreciation to Mr. Bill Hobbs for his years of unselfish service to the students of Newport Junior and Senior High Schools. In addition to trying to teach us about cells, plants, and animals in General Biology, he has devoted endless hours of art work to the making of cheerleader "run-through signs," homecoming backdrops and displays, stage settings for Junior and Senior plays, printing award certificates, and various decorations for school and community organizations. We salute you, Mr. Hobbs, on your retirement to Chigger Ridge and say thanks for your patience, helpfulness, and understanding over these twenty-four years.

We dedicate the 1987 Lakeside in your honor!

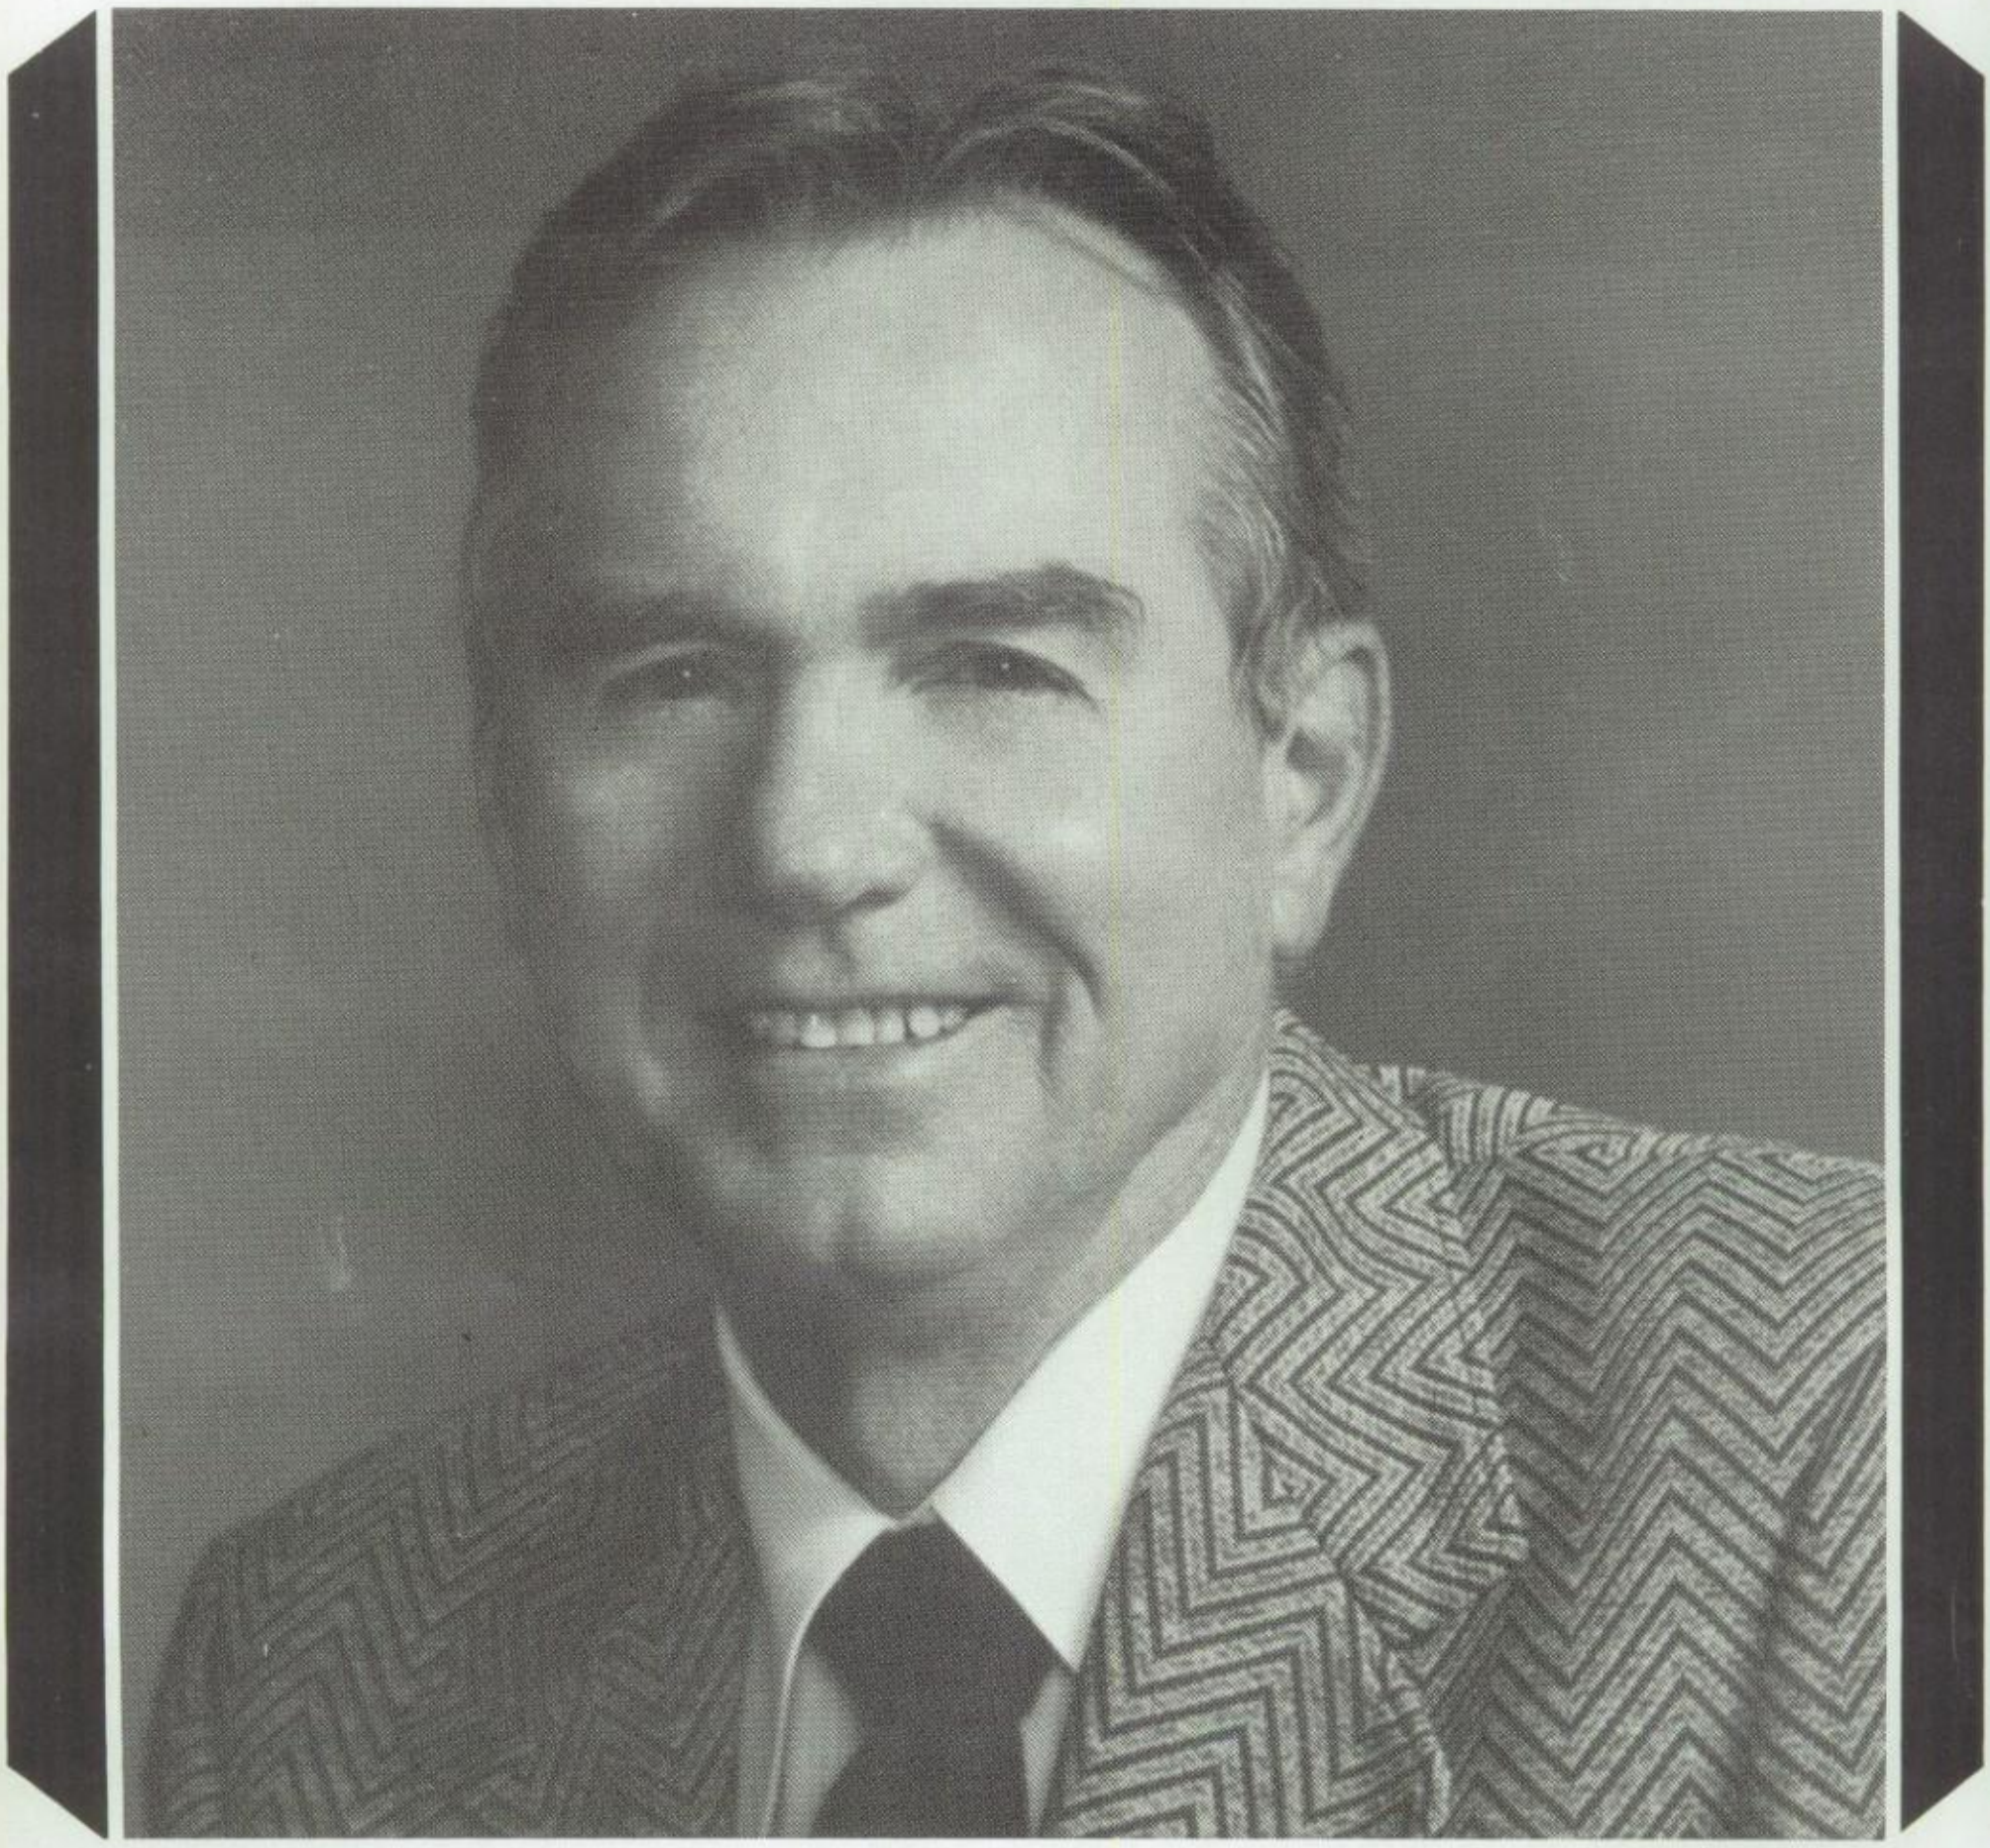
Bill Jordon

Mr. Bud Jordan, a true friend to all with whom he associated, worked for the Newport Special School District for thirty years. During this time his dedication and service exemplified unselfishness, dependability, and loyalty that were an inspiration to all of us. He didn't have to be asked; he was always looking for something to do, trying to be helpful in any way he could.

Mr. Bud, we want to say "Thanks" as we join the thousands of students and former students who have known and loved you in wishing you and your wife a happy retirement. It is with deep respect and admiration that we dedicate the 1986-87 Lakeside to you.



IN MEMORIAM



John W. Mullins

When John W. Mullins came to Newport Special School District as superintendent in 1962, he was considered tough. Students must wear socks and belts, tuck shirt tails in, and remove hats indoors. Signs sprouted in halls and on stairways saying, "Keep left." Under his leadership, at a time when the state required only sixteen credits for graduation, NHS required twenty-two, taken in a seven hour-long period day. ROTC was added to the curriculum. Patriotism was emphasized when it was popular to question the acts of our country. Everything was kept neat. Window shades must all be tilted the same way and must be pulled to the same height to present a pleasing outside appearance. Brooms and mops must be stored upside down. The north and south wings of the senior high, the new addition to junior high, the primary building, the Tech-Science Building, the Music Building, and the new gymnasium were added to the campus, yet the school built up a financial reserve. It was tough, but he did it. He walked the halls between class periods. No detail was too small or unimportant for him to notice.

He was tough. Perhaps his experiences as a prisoner of war in Germany's Stalag 17 had taught him that one needed to be tough to face the tough circumstances of life. Discipline helped one to be tough — self-discipline developed as the result of imposed discipline. Principles and discipline had sustained him and could sustain students if they were taught to act on principle with self-discipline.

Students complained, of course; but they were also proud. Their curriculum and expected standards of behavior were tough when it was fashionable to be easy. The students survived this tough program. Like Mr. Mullins, they would be able to survive anywhere.

The 1987 *Lakeside* is respectfully dedicated to the memory of this strong, tough, patriotic educator, Mr. John W. Mullins.

Beth,

So a cool and crazy girl, we have had lots of fun this year (and lots of bad times) And I'm glad this year has come to an end. When you're away at college or in the army, always think of me and the times we had. Keep in touch and don't party too hard.

Beth,

Well our years here are almost over and I can't wait. I'm glad that we got to know one another and I hope that we see a lot of each other this summer. We can get together and go to the lake or the races or just go ride around and drink some Cold beer. Best of luck in Basic and keep in touch. Hope I'll see you before you go to Basic.

Good luck

P.E. has been pretty neat, except playing softball! I had fun pulling you + Becca out at Budweiser! It was an experience! I can't believe you're a senior and I'm not! Not fair! Have a fun summer and don't drive a car to the Beach!
